This workshop will be conducted in American Sign Language (ASL).

Workshop Description

The new CASLI Generalist Knowledge Exam has two parts. This workshop will focus on the first part of the exam which consists of multiple choice questions. Using the preparation guide and list of recommended readings from CASLI (the Center for the Assessment of Sign Language Interpreters), we will ensure that you have a thorough understanding of the testing format and how to prepare for the test. Supplemental materials including videos, articles, and practice questions will aid you in your study. Topics of instruction will include the four domains listed in CASLI's preparation guide: pre-commitment activities, pre-encounter activities, the encounter, and post-encounter. Specific areas of emphasis will be logistics, teaming, types of consumers, types of interpreting, interpreting service models, demand-control schema, registers, and business practices.

Workshop registrants must commit to attending all sessions.

Presenter:

Pam King, M.A. Ed., CI and CT: With more than 35 years' experience as an interpreter with most of that time spent as an independent contractor interpreting in the community, Pam has a wealth of knowledge to share. She works for DSDHH where her primary responsibility is interpreter development.

Workshop Information

Language of Presentation: This training will be conducted in ASL. To maximize your exposure to ASL, interpreters will not be provided.
